**Give 7 to 10 to the Service Men**

Night-time is about the best time a service man has to call home. That's a good point to remember when you feel the urge to make a Long Distance call between 7 and 10 P.M.

If it isn't important, we hope you won't make it. Let the men in service have first call on the wires.

**Gardening for Victory**

along the **Santa Fe**

Soon travelers will be seeing plots of beets, beans, tomatoes, corn and other needed vegetables "coming along" on both sides of our tracks.

For once again Santa Fe has made its right-of-way available to its employees for Victory Garden space.

This railroad is heart and soul behind America's Victory Garden project. Not only has land been made available, but we are offering \$2000 in War Bonds to our best Victory Gardeners as an added incentive toward helping "Food Fight for Freedom."

Located as we are "Along the Route to Tokyo," we can be people throughout our 13,148 miles of track can "feel" this war. They are working full time to move along the never-ending loads of guns, tanks, men and munitions.

Perhaps that's another reason why they're not only working harder on their railroad jobs, but are pretty fine War Bond buyers and Victory Gardeners as well.

It's Santa Fe all the way for the U. S. A!
